## About this Report

---

Disclaimer: This report was automatically created by fDi Markets using the criteria selected by the user. Whilst care has been taken in programming the analysis and presentation of data, abnormalities may occur. The Financial Times Ltd accepts no responsibility for the accuracy or otherwise of the content.

All investment project data and information is based on public information on company investment announcements. The Financial Times Ltd accepts no responsibility or otherwise for the accuracy of the data and information, nor does The Financial Times Ltd claim to track all investment projects.

Jobs data and capital investment data, if included, are not recorded for all projects and may include estimates. The Financial Times Ltd takes no responsibility for the accuracy or otherwise of the jobs and investment data.

The default currency used to record capital investment amounts is millions of US Dollars (USD). If the user has selected an alternative currency, the amounts stated are converted from US Dollars to the chosen currency using a conversion reference table. This table is periodically updated from published exchange rates. The Financial Times Ltd does not accept responsibility or otherwise for variances that occur between published exchange rates and the currency reference table used.
