WHAT PERCENTAGE OF YOUR STUDY TOUR COMPRISES OF FUN....

WITS

What is a study tour?

- **Global Study Tours consist of 80% company or institution visits, 10% cultural immersion and 10% spare time.**
- **Study tours are designed to be both fun and educational.**
Our groups enjoy the local cuisine, socialise, and make use of the local recreational and cultural resources of the areas that we visit. However, study tours are NOT party trips.
- **A study tour is a travel experience with specific learning goals.**
The learning outcomes of each study tour vary, but are always provided in the course outline that is distributed to each student. Study tours emphasize experiential learning and offer both group and self-directed activities that enable students to explore new territories, cultures, people and business models.
- **Traveling with one of our groups**
- No worries or hassles about where to stay, how to get there, or even checking in!
- The itineraries are designed to maximise your overall experience.

What are the benefits?

- **New ways of thinking about and doing business.**
- **Access to a network of the top students and businesses around the world.**
- **An opportunity to immerse yourself in a different culture, to use the exchange school as a central base for international travel.**
- **Job opportunities.**

THE AMAZING RACE ASSESSMENT

Individual Assessment (75%)

These assignments relate to the following MBA themes: Context in African and other dynamic emerging market economies, sustainability and entrepreneurial action.

Purpose: Based on the above MBA core themes, students will be exposed to experiential and on-site learning; thus, students will need to contextualise the selected country and company in line with strategic management decisions.

During your trip, you are required to address the following issues:

Is Brazil a suitable market for your organisation to enter for ONE of the industries discussed during your lectures in Brazil?

(Choose one industry ONLY.) You may also choose an industry that was not discussed, but with which you are familiar.

Some of the key issues to consider for this brief, are:

Should your company enter Brazil? Why, or why not? Motivate the reasoning and rationale for your decision.

What business opportunities and challenges are present in Latin American countries?

What are the cultural implications that your company may need to consider when entering these markets?

Instructions:

Your report must be 2 to 3 pages long (without references and appendices).

Use 1.5 line spacing and a 12-point font.

Please ensure that you reference correctly, as per the WBS guidelines.
